Airmen of Note Notes

In January, the Airmen of Note traveled to New Orleans for the 27th annual conference of the International Association of Jazz Educators. The trip featured two performances, each for crowds of more than 2000 people. The second concert, on January 14, featured legendary vibraphonist Mike Mainieri, and was the final performance of the conference. The Global Music Network will feature this performance sometime in late February/early March, at which time the performance will be available for live video and/or audio streaming over the internet. If you were not in New Orleans for this incredible performance, stay tuned to <http://www.gmn.com> for information on when it will be broadcast.

The Note took the stage at DAR Constitution Hall in February to support The Band's annual Guest Artist Series. At the end of the month the group traveled west for an appearance at the Lionel Hampton Jazz Festival in Moscow, Idaho, on February 24. Looking forward, the Note will give a performance on March 1 at Shenandoah University in Winchester, Virginia, featuring tenor saxophonist Jerry Bergonzi. In April, the band will depart for its spring tour to the Pacific Northwest. Check the listing below for tour information.
